

Foreclosure Law Resources

A Winged Lion Corporation

Dear Homeowner,

In the past decade, the United States has been affected by a mortgage crisis, which has had global economic repercussions, and has led to long-lasting consequences for the United States and European economies with no end in the near future.

Foreclosure Law Resources has intrinsic knowledge of the mortgage and banking industry, as well as the predatory lending practices employed by the banks that created this crisis. FLR also employs individuals who have been affected by the mortgage crisis so we had a vested interest when we created our program to help home owners affected by the mortgage crisis.

To qualify for FLR's program, the mortgage on the property needs to have been originated at one of the nationwide banks, for example; Bank of America, Citibank, Chase Bank, Wells Fargo, Countrywide Bank, Wachovia, etc. These are just a few of the banks that qualify for our program. There are many others banks that meet our criteria, as long as they are backed by a nationwide bank and the mortgage was originate between 1993 and the present date. We offer you the expertise of our knowledge of the handling and processing of these types of loan products so we can offer you the upmost professionalism in handling the lawsuit.

If you decide to enter into FLR's program, with your acceptance and signature on the contract, FLR will become a party of common interest, thereby forcing the bank to deal with FLR directly. As there are expenses involved in the filing of a lawsuit, FLR has made this affordable by only charging \$299.00 to be paid up front. This will begin the process of filing a formal lawsuit against your mortgage lender for them committing illegal actions within the handling of your mortgage loan. From there forward there will be a fee of only \$299.00 per month for 10 months, stopping all foreclosure proceedings and all mortgage payments.

We will also file a lawsuit against your mortgage bank for punitive damages that on average equals 8-9 times the value of your mortgage. We do understand the financial burdens that a homeowner may be facing during a difficult time such as this and are willing to work with each individual homeowner's situation in order to assist in stopping the foreclosure proceedings against your property. You will find all of the details of our program specified in our contract.

After you have read our contract in its entirety, if you have any question or concerns please feel free to contract one of our representatives in the Processing Department at (844)344-9500.

We thank you for taking the time to review our offer. Please read through the contract enclosed and sign and return to our processing staff for immediate handling. We look forward to working with you and helping you turn this difficult time into a positive resolution.

Sincerely,

The Executives of Foreclosure Law Resources
